SIZE GUIDE

DETERMINE THE SIZE OF YOUR NEXT CREATION WITH ONE OF YOUR RINGS

Use a ring that fits perfectly the finger on which the dinh van creation will be worn. The external circle of the chart should appear on the inside of your own ring*.

Please note that the size of your finger may differ from left to right hand. If you are hesitating between two sizes, we recommend you chose the larger one.

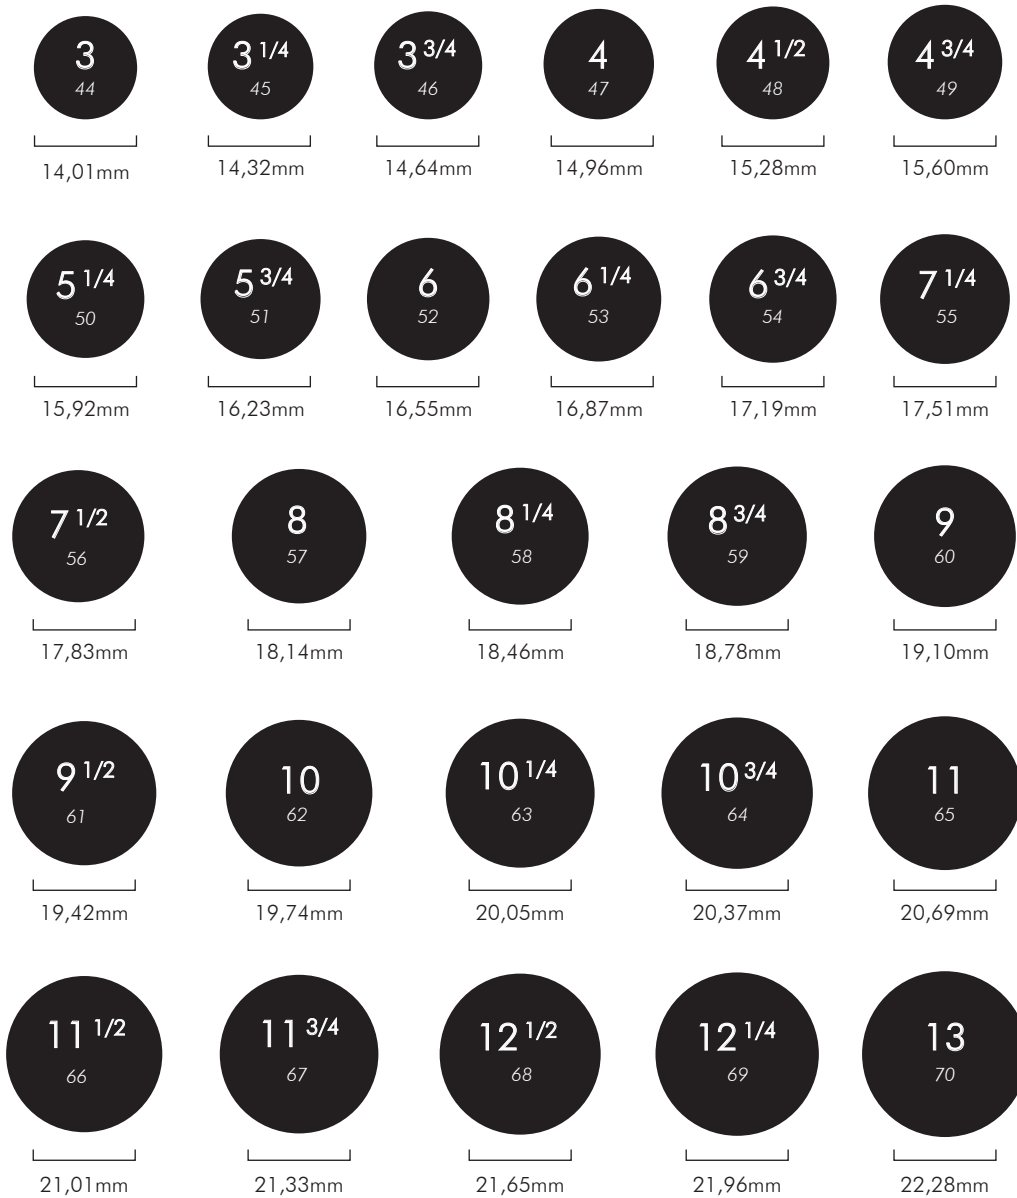

DINH VAN TUBE AND CHAIN RING SPECIFIC RING SIZES

Tube ring (Seventies, Spirale dinh van, Anthéa, Pulse dinh van...), longer on the finger, may require a larger size than a thin ring.

CHAIN RING FITS TWO SIZES:

- $4^{3/4}$ suits sizes $4^{3/4}$ and $5^{1/4}$
- $5^{3/4}$ suits sizes $5^{3/4}$ and 6
- $6^{1/4}$ suits sizes $6^{1/4}$ and $6^{3/4}$
- $7^{1/4}$ suits sizes $7^{1/4}$ and $7^{1/2}$

**For an accurate result, use a ruler to measure the inside diameter of your ring and compare it with the ring sizing guide (page 2).*

The dinh van finger sizer is an indicative guide only. The sales staff at dinh van will be happy to help you choose your ring in the best possible size for you.
