SIZE GUIDE

DETERMINE THE SIZE OF YOUR NEXT CREATION WITH ONE OF YOUR RINGS

Use a ring that fits perfectly the finger on which the dinh van creation will be worn. The external circle of the chart should appear on the inside of your own ring*.

Please note that the size of your finger may differ from left to right hand. If you are hesitating between two sizes, we recommend you to choose the larger one.

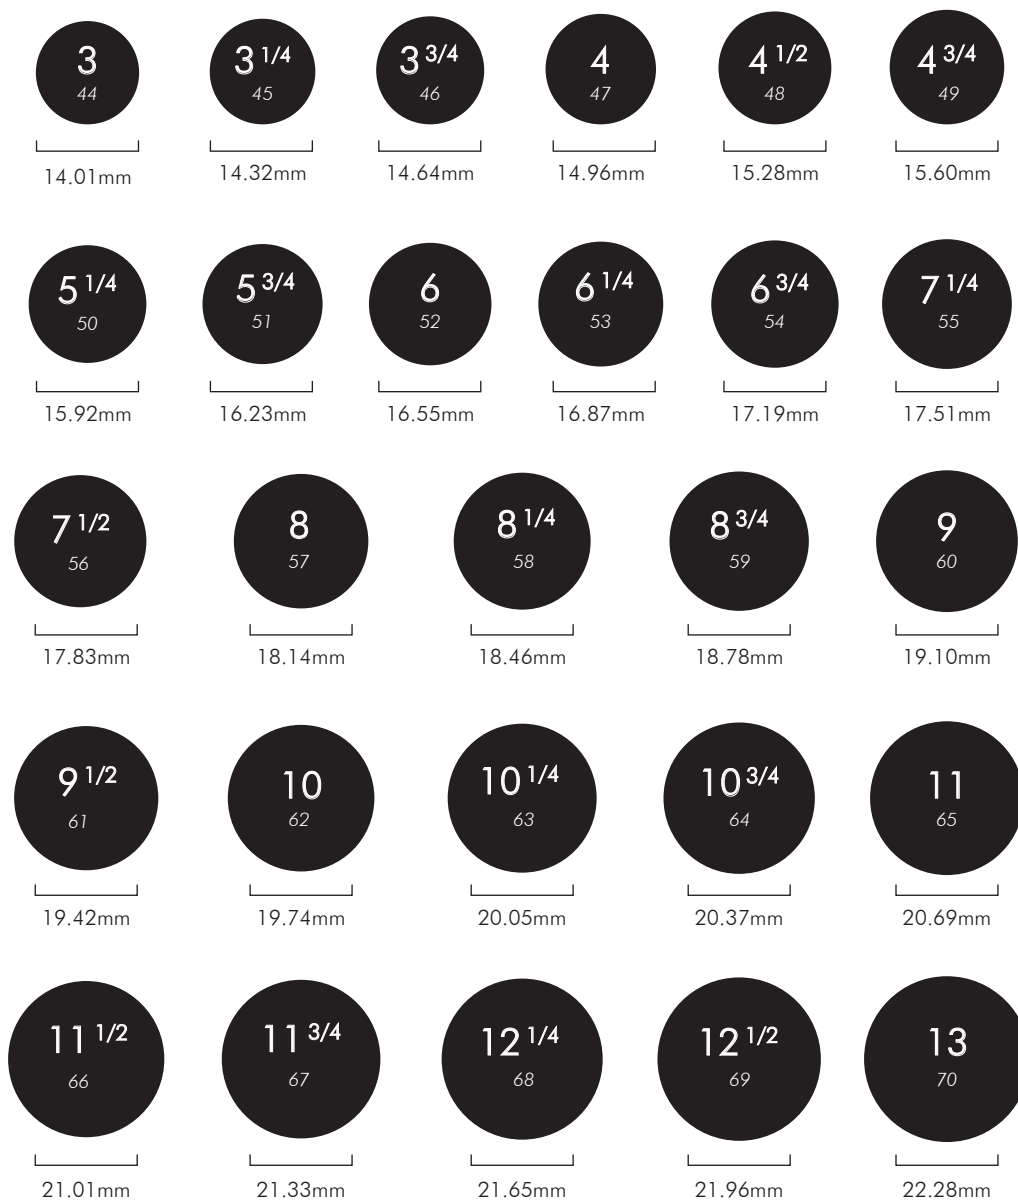

DINH VAN SPECIFIC SIZES FOR TUBE AND CHAIN RINGS

Tube rings (Seventies, Spirale dinh van, Anthéa, Pulse dinh van...), longer on the finger, may require a larger size than a thin ring.

CHAIN RING FITS TWO SIZES:

- 4 suits sizes 4 and 4^{1/2}
- 4^{3/4} suits sizes 4^{3/4} and 5^{1/4}
- 5^{3/4} suits sizes 5^{3/4} and 6
- 6^{1/4} suits sizes 6^{1/4} and 6^{3/4}
- 7^{1/4} suits sizes 7^{1/4} and 7^{1/2}
- 8 suits sizes 8 and 8^{1/4}

**For an accurate result, use a ruler to measure the inside diameter of your ring and compare it with the ring sizing guide (page 2).*

This size guide is provided as an indication. The sales staff at dinh van will be happy to help you to choose the right size.

To verify the page has printed correctly,
use a ruler to measure the scale just underneath,
it should measure 5cm / 1.97inch
